

Employer Reporting – 2017 Draft Forms and Instructions

Issue Date: August 2017

With Congress failing to make any significant changes to the ACA, applicable large employers (ALEs) need to prepare for another year of ACA employer reporting. The IRS has released the 2017 draft forms employers will use to report 2017 plan data early in 2018. 2017 instructions have not yet been released.

The 2017 draft forms are very similar to the 2016 forms. The most notable changes are the removal of transition relief information that is no longer relevant. We will issue a comprehensive comparison of the 2016 and 2017 forms and requirements as soon as the IRS releases the 2017 reporting instructions.

The draft forms may be found on the IRS draft forms website at <https://apps.irs.gov/app/picklist/list/draftTaxForms.html>. Just enter the form number in the search box.
